

SSCANO[®]

SAFETY

We are Manufacturers & Exporters of All Kinds PPE

Men's At Works

www.scanosafety.com

COMPANY PROFILE

Scano Safety Industries. started business as a local manufacturer in the beginning of nineteen eighty (1980), by the time we started to import some items from different markets of the world which were not easily available in our Country to maintain the standard of quality of our manufactured products. While achieving the International standard of quality of our goods, instead of supplying manufactured goods to the exporters, we ourselves did start Exporting Leather Working Gloves & Working Garments in 1985 at the time having a back-up excellent experience of more than 27 years. By the grace of God our standard and favorable prices increased the demand of our products in the Worldwide Market.

At the time we have membership of the following Organizations:

- Sialkot Chamber of Commerce & Industry.
- Pakistan Gloves Manufacturers & Exporters Association.
- Export Promotion Bureau Government of Pakistan.

Scano Safety Industries. Is manufacturing its products with fully equipped & latest technology of modern aia. We are serving the worldwide market since last well over 27 years, because we deal in quality & price conscious products with the motto (HONESTY). The Best and Right with the selection of raw material up to the finishing touch & packing, the entire operation is conducted by highly qualified and trained hands.

Thank You Very much For Staying with Us at Our Website www.scanosafety.com

With best Regards,
Owners,
Scano Safety Industries,
